INDEX: VOLUME XVI

JANUARY-DECEMBER, 1927

ABBREVIATIONS: (ED.), EDITORIALS; (N), NEWS ITEMS

SUBJECTS

ADMINISTRATION—
Aims and Principles for an Artisan Course, Reinhold Forkel, 344
Electrical Work at the Illinois State Normal University, A. W. Dragoo, 267
Equipment for the Home-Economics Department, Alice H. Haley, 172
Evening-School Program—Its Promotion and Maintenance, The, Glen D. Brown, 407
Experiment in Cooperation, An, Charles R. Kinison, 288
Farm-Shop Equipment for Rural and Village High Schools, Louis M. Roehl, 169
Frank Wiggins Trade School, C. A. Kunou, 443
German Vocational and Continuation Schools, The, A. Fremy, 361
How Extensive Should a Course in Shop Mathematics Be?, Thomas Diamond, 250
How the Manual-Training Department at Roslyn, Washington, Met a School Emergency, 267
How do You Select Your Machine Tools?, Howard S. Rowland, 176
How to Use the Question in Teaching the Industrial Arts, G. H. Snaddon, 451
Institute of Technology (Teknologisk Institut) in Copenhagen, The, Herman Hjorth, 403
Keeping Account of the Materials Used in the School Shop, J. W. Bollinger, 335
New Minneapolis Vocational High School, Delia Hilstead, 357
New School Shops in Minneapolis, J. E. Painter, 83
Oxford Man Surveys American Vocational Training, An, Irma L. Wallace, 315
Plan for Reducing the Machinery of the Tryout System of Industrial Education, A, E. M. Wyatt, 368
Present Trend of Industrial Arts, Joseph C. Park, 448
Scheme for Rating Pupils in Printing, Frank P. Rich, 194
Shop-Record System, A, Arthur P. Twogood, 115
Some Problems of the General Metal Shop, J. W. Bollinger, 161, 209
Specifications for Technical School Woodworking, A. W. Williams, 188
Technical Education in Denmark, Herman Hjorth, 243
Training General Shop Teachers, Harry E. Wood, 125
Training of Crippled and Handicapped People, The, Robert W. Tarbell, 206
Tryout Course in Cabinetmaking, A, O. R. Johnston, 304
Typical Machine-Shop Layouts for Vocational Schools, Howard S. Rowland, 87
Uniform Apparel in School Shops, 233

ARCHITECTURAL DRAWING—
Architecture for High-School Students, Robert F. Smith, 456
Comparisons of the Architectural Orders, Louis B. Warren, 427
High-School House Drawing, H. H. Robinson, 427
Standard Symbols for Wiring Plans, John F. Faber, (Suppl.), 387
Study of Architecture in High Schools, The, A. M. Youngquist, 45

ARTWORK—
An Interesting Alphabet, Ben Hunt and Ed. W. Hunt, 257
Art Course and the Project Method, The, Helen M. Stockton, 325
Copper and Brass Etching, M. E. Dodge, 151
Correlation of the Fine Arts and the Mechanic Arts, Gertrude L. Turner, 286
Decorative Arrangements for the Fifth and Sixth Grades, Richard Ernesti, 272
Decorative Designs for Christmas Cards and Calendars, D. Elizabeth Roberts, 470
Decorative Stenciled Book Covers, D. Elizabeth Roberts, 346
Design, C. A. Kunou, 270
Finishing Christmas Boxes with Metal or Gold Leaf, C. A. Kunou, 473
Gold-Leaf Signs as Projects in Junior-High-School Industrial Arts, Joseph C. Park and Wadsor M. Scoville, 101
Handy Alphabet for Poster Work, Ben and Ed. Hunt, 429
Holiday Projects, William V. Winslow, 35
Jardiniere Stand, C. O. Greenleaf, 149
Need for Color Work, The, Hazel F. Showwalter, 23
Printing Your Own Dresses, Marie Downs Wilson, 430
Selecting, Framing, and Hanging Pictures, Talmage Nichols, 265
Shall We Teach Lettering as Applied to Painting and Show-Card Writing?, Leslie J. Miller, 149
Vacation Stationery, Margaret Fullerton, 189
Weather Vane, Leon H. Baxter, 396
Weather Vane of Wrought Iron, C. O. Greenleaf, 233
Wood Receptacle for Fireplace, C. O. Greenleaf, 387
Working with "Gesso" or "Reliefo," O. W. Shumaker, 383
Woven Trays, J. W. Bollinger, 310
Writing-Desk Set, J. W. Bollinger, 468
Writing Desk, J. T. Williams, 348
Wrought Iron Candlestick, C. O. Greenleaf, 199

AUTO MECHANICS—
Auto Creeper, E. C. Houston, (Suppl.), 197
"Did You Get All the Carbon?", Ray F. Kuns, 424
Method of Teaching Valve Grinding, A, Leonard Tordoff, 60
Speedster as a School-Shop Project, The, S. N. Horton, 353
Supporting Block for Garage Use, A. M. Hahn, 32
Tool Problem Solved, A, Carl J. Orness, 354
What's Wrong with the Battery?, Ray F. Kuns, 12

BIRD HOUSES—
Bird Houses, F. C. Hughes, 142
Willow Bird Houses, George E. Berger, 140

BRUSHMAKING—
Brushes That are Easy to Make, F. C. Hughes, 271

CARPENTRY—
"A Frame-Up on the 'Ag' Teacher," J. Douglas Wilson, 255
How the Manual-Training Department at Roslyn, Washington, Met a School Emergency, 267
Indoor Carpentry Project, An, J. Nevin Johnson, 231
Possibilities of a High-School Carpentry Program, The, J. Douglas Wilson, 53

CONCRETE WORK—
Farm Mechanics, Fred Short, 386
Ornamental Concrete Bird Bath, H. P. Gerber, 185

ELECTRICITY—
A 1927 Model Radio Receiver, Lloyd F. Stair, 144
Bell-Ringing Transformer as a Transformer Project, A, Wynne L. McDougal, 354
Construction of a Five-Ampere Tungar Rectifier, The, G. K. Pierce and H. D. Campbell, 221
Electrical Instruction with Minimum Cost and Space for the Junior High School, F. E. Tustison, 164
Electrical Work at the Illinois State Normal University, A. W. Dragoo, 267
Electric Thriller, A. W. Dragoo, 268
Electric Torchier and Perfume Vaporizer, Carl A. MacMiller, 431
How to Make a Layout of a Winding for a Split-Phase or a Repulsion-Induction Motor, Geo. A. Willoughby, 65
Lesson in Magnetism, A, John J. McSweeney, 191
Practical Problems of the Electrical Course for the Junior High School, B. B. Burling, 291
Radio Symbols, John F. Faber, (Suppl.), 198
Small Electric Motor, A, E. A. Lair, 25
Standard Symbols for Wiring Plans, John F. Faber, (Suppl.), 387
Telegraph Key and Sounder, V. M. Marchant, 394
Test and Supply Board for the Electrical Shop, A. K. Thompson, 393
Thermoelectric Sign Flashers, Geo. H. Wichman, 108
Unit Instruction in Electricity, H. S. Rich, 114
What's Wrong with the Battery?, Ray F. Kuns, 12

FARM SHOP WORK—
Farm Mechanics, Fred Short, (Suppl.), 229, 274, 306, 386
Farm-Shop Equipment for Rural and Village High Schools, Louis M. Roehl, 169
Farm Water Level, Fred Short, 191
Food-Cooling Chest, A, C. M. Rice, 269
Grinding Farm Edge Tools, Louis M. Roehl, 260
Handiest Farm Shop Tool Case, The, F. L. Fleming, 69
Ice Chest, An, Victor J. Smith, 230
Poultry-Crate Pen, Fred Short, (Suppl.), 65

FURNITURE DESIGNS—(See also Woolworking)
Chairs, Herman Hjorth, 131, 233
Clothes Rack, A, John M. Bice, 70
Console Table, Seagurd F. Bloomquist, 375
Davenport Table, C. A. Rosell, 348
Dining Table, C. C. Sinclair, (Suppl.), 269
Fernery, A, Edward F. Worst, 194
Folding Kitchen Stool and Stepladder, C. B. Hilliard, 307
Folding Screen, A, Dean Johnson, (Suppl.), 65
Ice Chest, An, Victor J. Smith, 230
Martha Washington Sewing Cabinet, Jos. J. Lukowitz, (Suppl.), 469
Porch Swing, Milo L. Curts, (Suppl.), 229
Queen Anne Period Style Type of Leg, Anton Anderson and Allan H. Nicol, (Suppl.), 475
Radio-Box Kink, A, Carl H. Oquist, 32
Radio Cabinet No. 3, Gladstone Califf and Arthur Christensen, 31
Radio Cabinet No. 4, Gladstone Califf and Arthur Christensen, 153
Radio Cabinet No. 5, Gladstone Califf and Arthur Christensen, 191
Sanitary Tea-Towel Rack, E. Crawford Houston, 384
Serving-Tray Stand, Edward F. Worst, 151
Small Bookcase, A, Edward J. Tesch, (Suppl.), 306
Smoking Stand, Clarence Berg, 197
Spiral Table Lamp, Jos. L. Lukowitz, 28
Table-Top Construction, Leon A. Orr, 349
Umbrella Stand, F. W. Ziegenhagen, 436
Vanity Dresser, Bench, and Bedroom Table, Arthur E. Bidney, 308
Writing Desk, J. T. Williams, 348

HOUSEHOLD MECHANICS—
Household Mechanics in Detroit, J. H. Trybom, 8

INDUSTRIAL ARTS—
Correlation of the Fine Arts and the Mechanic Arts, Gertrude L. Turner, 286
Fifty Years of Woodworking in the American Schools, Paul E. Klein, 1, 48
Industrial Arts as a Social Study, 300
Industrial Arts in a Town of the Far Northwest, Melvin H. Frack, 181
Industrial-Arts Work in the Junior High School, 236
Junior-High-School Manual Arts, W. W. Scott, 107
Manual Arts in the Junior High School, George M. Brace, 203
Selling Manual Arts Through Practical Home Mechanics in the Junior High School, E. W. Manzer, 336
Tryout Course in Cabinetmaking, O. R. Johnston, 304

MACHINE-SHOP PRACTICE—
Aluminum Griddles, A. J. Goldborg, 351
Band Saw Built in a School Shop, N. F. Bleakley, 465
Bench Vise, Arthur F. Ahr, 467
Binding Posts, H. D. Campbell, (Suppl.), 198
Chipping-and-Filing Project, J. A. Miller, 32
Combination Hand Vise, Elmore G. Hansen, 72
Constructing a Six-Inch Bench Saw, M. E. Dodge, 393
Depth Gauge, Arthur F. Ahr, (Suppl.), 348
Instruction Sheet in Machine-Shop Practice, An, George C. Donson, 313
"Iron Sharpeneth Iron," W. C. Wright, 127
Lathe Centers, Geo. F. Johnson, (Suppl.), 464
Making the Snap Gauge, C. C. Hermann, 344
Plumb Bob, A, Joseph T. Cromack, 193
Question of Method, H. E. Miller, 459
Rotary Motor as an Avocational Project, A Stephen L. Klevay, 309
Screwdriver, R. A. Armstrong, (Suppl.), 28
Spindle Sander, 439
Tap Wrench, Arthur F. Ahr, (Suppl.), 305
Turret Lathe in Modern High-School Machine-Shop Practice, The, M. H. Yoder, 413

MECHANICAL DRAWING—
Chart of Terms for the Mechanical-Drawing Room, John F. Faber, (Suppl.), 469
Correlation of the Drafting Department, Towne R. Abercrombie, 237
Dimensioning Drawings, George Elleson, 33
Drawing Problems for Evening Classes, J. G. Childs, 67
Locating the Drawings, S. Grant Conner, 71
Mechanical Drawing as a Trade, Alfred Grayshon, 380
Mechanical Drawing Reading Exercises, H. L. Weatherby, 311
Plan for Rating Mechanical Drawing, A, Harold E. Schofield, 295
Process of Blocking Out a Mechanical Drawing, The, N. A. MacMillan, 231
Standard Symbols for Wiring Plans, John F. Faber, (Suppl.), 387
Use of Shade Lines, The, C. C. Hermann, 195

METAL WORK—
Aluminum Griddles, A. J. Goldborg, 351
Console Table, Mirror, and Candlesticks, A, Paul Medary, 69
Copper and Brass Etching, M. E. Dodge, 151
Cutlery for the School Forge Shop, Jay F. Knowlton, 186, 219, 263, 302, 340, 378
Farm Mechanics, Fred Short, 306
Floor Lamp That is Different, E. M. Wyatt, 273
Garden Trowel, G. G. Green, (Suppl.), 198
"Iron Sharpeneth Iron," W. C. Wright, 127
Jardiniere Stand, C. O. Greenleaf, 149
Magazine Basket, H. J. Wieland, 425
Metal Work in Manual Arts, E. W. Manzer, 109
Novelty Match Boxes, J. W. Bollinger, 111
Plumb Bob, A, Joseph T. Cromack, 193
Portable Workbench, A, Walter H. Deichert and Fred J. Fisher, (Suppl.), 148
Scriber, A, G. I. Eagleson, 309
Sheet-Metal and Art Metal Work, H. M. Dexter, 21
Some Problems of the General Metal Shop, J. W. Bollinger, 161, 209

Tong Rack, R. B. Newhauser, 351
Umbrella Stand, C. O. Greenleaf, 350
Weather Vane of Wrought Iron, C. O. Greenleaf, 233
Wood Receptacle for Fire Place, C. O. Greenleaf, 357
Writing-Desk Lamp, J. W. Bollinger, 249
Writing-Desk Set, J. W. Bollinger, 468
Wrought-Iron Candlestick, C. O. Greenleaf, 199
OUTLINES OF INSTRUCTION—
Course in Shop Processes, A, R. E. Baker, 9
PATTERNMAKING—
Course in Patternmaking, C. W. Illingworth, 55, 91
Jumping Standard Support, J. A. Miller (Suppl.), 28
Kink for the Patternmaker, A, O. C. Hermann, 390
Turning the Split Pattern, C. W. Illingworth, 154
Wax Fillet Gun, N. F. Bleakley, (Suppl.), 229
PRINTING—
Equipment for School Printshops, C. W. Hague, 218
Fastening Folded Sheets Together, John C. Carnwright, 471
Grading Method for Printing Classes, A, Norman C. Tock, 5
Helpful Hints to Inexperienced Printing Teachers, Norman C. Tock, 327
In Defense of Printing—The Case for Design, Dorothy Allen, 98
Practical Work in the Printshop, A. D. Anderson, 301
Printing and Its Ally, the Dictionary, Frank P. Rich, 218
Printing Announcements and Diplomas in the School Printshop, Vick L. Langford, 143
Printing Department Publicity, Daniel Darney, 63
Printing in the Junior High School, Charles P. Flaskamp, 381
Printing Specimens, C. M. Litteljohn, 141
Printing the Small School Weekly and Annual on the School Press, Martin E. Malcolm, 199
Scheme for Rating Pupils in Printing, Frank P. Rich, 194
School Printing in the United States, F. C. Lampe, 178, 214, 253, 293, 334
Suggestive Printing Equipment for Junior-Senior High Schools, C. W. Hague, 168
Vacation Stationery, Margaret Fullerton, 189
RELATED WORK—
Illustrating a Principle of Aerodynamics, Jos. J. Lukowitz, 352
Lesson on Bevel Gears, J. A. Miller, 389
Public Library and the Technical Worker, The, G. O. Ward, 374
Safety in School Workshops, Herbert L. Reid, 429
Sled to Test the Coefficient of Friction, A, Leon A. Orr, 232
Some Simple Machine-Shop Calculations, R. A. Armstrong, 287
Trisection of a 60-degree Arc, N. L. Apollonio, 232
Work, Frederick M. Trumbull, 281
SCHOOL UTILITIES—
Clean-Up Cart, A, C. C. Sadler, 313
Dovetail Jig, O. R. Johnston, 467
Question of Method, H. E. Miller, 459
Drawing-Board Support, A, W. W. White, 309
Filling Oil Reservoirs, A. M. Hahn, 235
Guarding the Machinery in School Shops, G. E. Irons, 106, 155
Interesting Group of Shop Projects, 398
Jumping Standard Support, J. A. Miller, (Suppl.), 28
Pipe and Bar Support, Donald S. Harding, 435
Play Apparatus for Kindergartens, E. W. Tuttle, 317
Simple Drawing-Board Support, Anthony E. Zipprich, 231
Tong Rack, R. B. Newhauser, 351
Tool Problem Solved, A, Carl J. Orness, 354
SHEET METAL WORK—
Bathtub Soap Tray, J. W. Bollinger, 32
Bridge Trumps, L. D. Fullmer, 397
Handy Radio Call-Letter Record, J. W. Bollinger, 270
Novelty Match Boxes, J. W. Bollinger, 111
Party Favors, J. W. Bollinger, 389
School Sheet-Metal Shop: Tools, Machines, Supplies, The, J. A. Brandt, 170
Sheet-Metal and Art Metal Work, H. M. Dexter, 21
Sheet Metal as a Trade School Subject, J. A. Brandt, 121
Weather Vane, Leon H. Baxter, 396
SHOP MANAGEMENT—
Management of Farm Shop Work, David B. Hendrix, 20
Shop-Record System, A, Arthur P. Twogood, 115
SHOP ORGANIZATION—
New School Shops in Minneapolis, J. E. Painter, 83
TEACHING METHODS—
Adding Interest to the Carpentry Course, Sylvan A. Yager, 228
Analysis as a Means of Establishing Objectives, Towne R. Abercrombie, 366
Art Course and the Project Method, The, Helen M. Stockton, 325
Better Blackboard Drawings, J. M. Wooddell, 197
Camera in the Shop, The, H. J. Barber, 371
Course in Shop Processes, A, R. E. Baker, 9
Daily Check-Up for Woodshops, Jas. I. Anderson, 66
Dalton Plan Applied to Manual Arts, The, U. D. Walker, 283
Desirable Method of Teaching Manual Training, A, Sheldon R. Parker, 419
Eliminating Unnecessary Shop Noises, T. P. Fiske, 64
Experiment in Cooperation, An, Charles R. Kinison, 288
Factors Affecting the Use of Instruction Sheets, Verne C. Fryklund, 241
Forward in Reverse, T. N. Rogers, 358
Helpful Hints to Inexperienced Printing Teachers, Norman C. Tock, 327
Household Mechanics in Detroit, J. H. Trybom, 8
Informal Tests for the Industrial Arts, Victor J. Smith, 321
Instruction Sheets and the Principles of Teaching, Verne C. Fryklund, 41
Issuing a Department Bulletin, Arthur Feuerstein, 411
Job Sheets in Vocational Teaching, Robert H. Rodgers, 119
Keeping Track of the Tools, T. P. Fiske, 386
Motivating Manual Training, C. M. Haines, 370
Organization of Lessons, Sylvan A. Yager, 332
Plan for Reducing the Machinery of the Tryout System of Industrial Education, A. E. M. Wyatt, 368
Productive Shop, The, Stewart J. Shaw, 424
Question of Method, H. E. Miller, 459
Relation of General Intelligence to Mechanical Ability, The, Edna Board, Willa Marsh, and Lynn E. Stockwell, 330
Scale-Reading Exercises, A, R. H. Bullock, 149
Selling Manual Arts Through Practical Home Mechanics in the Junior High School, E. W. Manzer, 336
Shop Foreman Plan, A, Paul V. Wilcox, 102
Shopwork Receipt, A, Vick L. Langford, 272
Some Problems of the General Metal Shop, J. W. Bollinger, 161, 209
Some Teaching Helps for Manual-Training Teachers, 347
Some Teaching Rudiments Recalled, Jos. J. Lukowitz 324
Standard Tests in Industrial Arts—Woodwork, Harry B. Nash, 248
Supervised Study and the Industrial-Arts Teacher, Walter A. LeBaron, 373
Teacher's Plan, The, R. W. Selvidge, 79
Test on Sawing, Planing, Measuring, and Chiseling, Jos. J. Lukowitz, 434
Training General Shop Teachers, Harry E. Wood, 125
Tryout Course in Cabinetmaking, A, O. R. Johnston, 304
Validity of Teachers' Ratings, The, Max S. Henig, 51
TOYS—
Brownie Seesaw, Margaret Fullerton, 475
Chess Set, A, Everett M. Stanley, (Suppl.), 305
Child's Folding Table, A, C. F. Zaenglein, 312
Doll's Cupboard, Leon H. Baxter, 305
Doll Furniture, Leon H. Baxter, 471
Model Yacht Building, E. W. Tuttle, 212
Play Apparatus for Kindergartens, E. W. Tuttle, 317
Play Wagon, Leon H. Baxter, (Suppl.), 28
Toymaking in Detroit Schools, Earl L. Bedell, 422
Toys and the Shop, Charles M. Rice, 472
TRADE SCHOOLS—
Trade-School Job, A, E. H. Kreider, 27
UPHOLSTERY—
Process Sheet in Upholstering, A, H. Bast, 153
VOCATIONAL EDUCATION—
Aims and Principles for an Artisan Course, Reinhold Forkel, 344
Los Angeles to Have Largest Vocational Institution, 15
Oxford Man Surveys American Vocational Training, An, Irma L. Wallace, 315
Training of Crippled and Handicapped People, The, Robert W. Tarbell, 206
VOCATIONAL GUIDANCE—
High-School Teacher and Vocational Guidance, The, 147
Relation of General Intelligence to Mechanical Ability, The, Edna Board, Willa Marsh, and Lynn E. Stockwell, 330
Work, Frederick M. Trumbull, 281
WOOD FINISHING AND PAINTING—
Are You Keeping Up?, Arthur O. Gardner, 381
Dutch-Colonial Dowry Chest, A, Margaret Fullerton, 385
Finishing Christmas Boxes with Metal or Gold Leaf, C. A. Kunou, 473
Gold-Leaf Signs as Projects in Junior-High-School Industrial Arts, Joseph C. Park and Wadsor M. Scoville, 101
How to Retard the Drying Process of Shellac, L. F. Hyatt, 274
Modern Lacquer Materials and Their Application, Ralph G. Waring, 134
Some Troublesome Problems of the Finishing Room, J. W. Bollinger, 103
Trimming Veneering Flush with Surface, L. F. Hyatt, 274
Working with "Gesso" or "Relievo," O. W. Shumaker, 383
WOOD TURNING—
Bulb Bowls, D. K. Ingman, 108
Project in Wood Turning, A, Clyde R. Garl, 396
WOODWORKING—
Are You Keeping Up?, Arthur O. Gardner, 381
Auto Creeper, E. O. Houston, (Suppl.), 197
Bluebird House, Leon H. Baxter, (Suppl.), 269
Book and Writing-Supply Holder, Kenneth R. La Voy, (Suppl.), 429
Brownie Seesaw, Margaret Fullerton, 475
Bulb Bowls, D. K. Ingman, 108
Bulletin Board and Mail-Box Post, R. B. Farr, (Suppl.), 148
Card Tray, J. W. Bollinger, 197
Chairs, Herman Hjorth, 131, 233
Chess Set, A, Everett M. Stanley, (Suppl.), 305
Child's Folding Table, A, C. F. Zaenglein, 312
Clean-Up Cart, A, C. C. Sadler, 313
Clothes Rack, A, John M. Bice, 70
Colonial Spinning Wheel, A, W. Ben Hunt, (Suppl.), 114
Console Table, Seagurd F. Bloomquist, 375
Course in Patternmaking, A, C. W. Illingworth, 55, 91
Cutting Coves with a Circular Saw, C. E. Turner, 427
Davenport Table, C. A. Rosell, 348
Desk Pencil Holder, A, Daniel Darney, 384
Dining Table, C. C. Sinclair, (Suppl.), 269
Doll's Clothing Chest, Leon H. Baxter, (Suppl.), 148
Doll's Cupboard, Leon H. Baxter, 305
Doll Furniture, Leon H. Baxter, 471
Dovetail Jig, O. R. Johnston, 467
Drawing-Board Support, W. W. White, 309
Dresser Box, A, Everett M. Stanley, (Suppl.), 28
Ellipsograph and Its Use, The, H. J. Betts, (Suppl.), 229
Excellent Project for Special-Class Boys, An, A. K. Eccles, 110
Fernery, A, Edward F. Worst, 194
Fifty Years of Woodworking in the American Schools, Paul E. Klein, 1, 48
Folding Kitchen Stool and Stepladder, A, C. B. Hilliard, 307
Folding Screen, A, Dean Johnson, (Suppl.), 65
Food-Cooling Chest, A, C. M. Rice, 269
"A Frame-Up on the 'Ag' Teacher," J. Douglas Wilson, 255
Garden Trellises, Frank P. Wentzel, 307
House Number, A, F. L. Reynolds, 191
How to Make a Nail Drill, D. A. Fawler, 228
Ice Chest, An, Victor J. Smith, 230
Indian-Type Canoe, An, George W. Kibler, 225
Indoor Carpentry Project, An, J. Nevin Johnson, 231
Inlaid Sewing Box, H. L. Weatherby, 395
Magazine Basket, C. Anthony Van Kammen, 462
Martha Washington Sewing Cabinet, Jos. J. Lukowitz, (Suppl.), 469
Model Yacht Building, E. W. Tuttle, 212
New Problem in Book Ends, A, C. Anthony Van Kammen, 342
New Use for Old Picture Frames, A, Arthur West, 303
Objectives of the Woodworking Course, C. M. Gilmore, 422
Picture Frame, Frank W. Dejmek, 45
Picture Framing Simplified, F. A. Carlsen, 432
Pipe and Bar Support, Donald S. Harding, 435
Porch Swing, Milo L. Curts, (Suppl.), 229
Possibilities of a High-School Carpentry Program, The, J. Douglas Wilson, 53
Poultry-Crate Pen, Fred Short, (Suppl.), 65
Productive Shop, The, Stewart J. Shaw, 424
Queen Anne Period Style Type of Leg, Anton Anderson and Allan H. Nicol, (Suppl.), 475
Radio-Box Kink, A, Carl H. Oquist, 32
Radio Cabinet No. 3, Gladstone Califf and Arthur Christensen, 31
Radio Cabinet No. 4, Gladstone Califf and Arthur Christensen, 153
Radio Cabinet No. 5, Gladstone Califf and Arthur Christensen, 191
Radio or Phonograph Cabinet of Spanish Design, E. M. Winterbourne, 436
Sanitary Tea-Towel Rack, E. Crawford Houston, 384
Selecting, Framing, and Hanging Pictures, Talmage Nichols, 265
Serving-Tray Stand, Edward F. Worst, 151
Shears Holder, A, Alfred J. Bates, (Suppl.), 148
Short Method of Figuring for Board or Other Superficial Materials, A, Wilfrid Bowdler, 24
Simple Drawing-Board Support, Anthony E. Zipprich, 231
Sled to Test the Coefficient of Friction, A, Leon A. Orr, 232
Small Bookcase, A, Edward J. Tesch, (Suppl.), 305
Smoking Stand, Clarence Berg, 197
Spiral Table Lamp, Jos. J. Lukowitz, 28
Spool Holder, A, J. Bates, 31
Supporting Block for Garage Use, A, M. Hahn, 32
Table-Top Construction, Leon A. Orr, 349
Test on Sawing, Planing, Measuring, and Chiseling, Jos. P. Lukowitz, 434
Ticket Booth, F. K. Mueller, 427
Tool Chest, M. E. Dodge, 351
Tool Problem Solved, A, Carl J. Orness, 354
Trouser Rack, L. M. Roehl, 388
Umbrella Stand, F. W. Ziegenhagen, 436
Vanity Dresser, Bench, and Bedroom Table, Arthur E. Bidney, 308
Washtub Bench, Leslie J. Miller, 395
Wastebasket, C. Anthony Van Kammen, 382
Waste-Paper Basket, J. W. Bollinger, 71
Wild-Animal Coat Hooks, Margaret Fullerton, 112
Willow Bird Houses, George E. Berger, 140
Woodworking Project for the Junior High School, A, George R. Wieneke, 229
Writing Desk, J. T. Williams, 348

TITLES

Adding Interest to the Carpentry Course, Sylvan A Yager, 228
Aims and Principles for an Artisan Course, Reinhold Forkel, 344
Aluminum Griddles, A. J. Goldborg, 351

American Vocational Association Convention, (N), 59, 200, 440
American Vocational Association Meeting, (N), 158, 238
Analysis as a Means of Establishing Objectives, Town R. Abercrombie, 366
A 1927 Model Radio Receiver, Lloyd F. Stair, 144
Architecture for High-School Students, Robert F. Smith, 456
Are You a Derby Winner?, Laurence Parker, 337
Are You Keeping Up?, Arthur O. Gardner, 381
Are You Running a Dump?, Laurence Parker, 259
Art and Finance, (Ed.), 18
Art Course and the Project Method, The, Helen M. Stockton, 325
Art Education for Talented Children, (N), 317
